three-member panel will be comprised of non-Hillsborough County FSMTA judges and/or college faculty. Prizes include cash scholarships, music items such as CD's and tickets to orchestra performances, and a Certificate of Participation. The Level 4 winner will receive a \$250.00 cash scholarship. For a student winning in every category, the scholarship amount is \$500.00.

\*PIECES - This number of pieces is intended to indicate the minimum number of pieces a student is required to perform. The student may perform more pieces at the discretion of the teacher as long as the duration for that student's program does not exceed the maximum time allowed. (All pieces must be memorized.)

\*\*CONTRASTING STYLES - Teachers should give particular attention to the criteria given that each of the pieces performed by any given student must be from contrasting historical periods and contrasting in style. If you are unsure of the style periods of your student's repertoire, discuss this with the chairman before the deadline. Please list repertoire in the order it will be performed. Literature should not be repeated from a previous Mid-State competition. Parents' questions should be directed to the teacher, teachers can then confer with the chairman of the event.

[Applications can be found in the 'Applications' section of this handbook.]

[Please send Application Form & fee to Event Chairman.]
